

Liz Leahy

Owner

Hi, I'm Liz and I manage Mulberry Childcare Centre which aims to provide the highest standard of care possible to children aged from 3 months to 12 years. I am married to Derek and we have two children Odhran and Niamh and we live in Loughrea.

My experience includes opening and managing a number of Childcare Centres for Bright Horizons a global leader in childcare with over 750 centres worldwide. I moved back to Galway to open a Childcare Centre for the Marine Institute in Oranmore which became the first centre in Galway to win the All Ireland Centre of Excellence Award and the third under my management.

I love family time and it is how I spend most of my time being active with my kids. In my little bit of free time I enjoying running, coffee with friends and shopping for nice things!

'I have two small children myself so I understand the stress involved in choosing childcare.'
